International Student Education New Zealand

ISENZ provides enrolment services free of charge

Study in New Zealand with ISENZ!

ISENZ is a New Zealand based organisation which can take the hassle out of arranging study in New Zealand. Effectively, we are a one-stop-shop for overseas students wishing to study in New Zealand.

Director Russell Trethewey was principal of Freyberg High School 1991 - 2004. He is very well known and respected in New Zealand education circles. He was Chairperson of NZPPTA Principals' Council in 2002 and 2003 and a principal representative on the National Principals' Council Executive for 6 years, 1997 to 2003. As Chairperson of the Council he represented over 80% of New Zealand's High School Principals and was their spokesman on educational issues.

He has close links with Massey University, the Ministry of Education, the New Zealand Qualifications Authority and Government. As a consequence he has considerable knowledge of individual high schools and the New Zealand education system.

The advantages to students of using the services of ISENZ

Why choose ISENZ to help you enrol in a New Zealand educational institution?

There are many advantages for an individual or family in working directly with ISENZ:

- ISENZ has an extensive education network in New Zealand. We provide enrolment services at Universities, Language Schools, Business Schools, high schools, primary and middle schools with no consultancy charges.
- We provide advice free of charge and find the institution that is best suited to your requirements.
- Our ability to find the best course and best institution for you ensures that you have a successful experience in New Zealand.
- We meet students on arrival and introduce them to the institution and city.
- We provide an accommodation service and can arrange the type of accommodation preferred.... self catering, hostel or a homestay.
- We provide an optional guardianship service (for a charge) with each student linked to a personal mentor/support person with the same language.
- We provide ongoing support and many students come to us for guidance and assistance years after arriving in New Zealand. We are there to help and advise.
- We can assist with visa applications as we have links with Immigration New Zealand officers throughout the world.
- ISENZ provides holiday trips for international students who want to explore NZ.
- We can place students in many NZ institutions. You tell us what institution your student wants to attend and we will negotiate entry.
- New Zealand has a world class education system which is accessible at a price which is much less than the cost of an equivalent education in most other English speaking countries. (including the US, UK and Australia)
- New Zealand students perform with the best in the world. International Test data (PISA test data) on high school students in over 40 OECD countries including the US, UK, Australia, Canada and many countries in Europe, consistently confirms this. This indicates the quality of teaching in our schools.
- Students receive education in one of the safest and most beautiful countries in the world.
- We represent AUT, Massey, Canterbury, Waikato and Victoria Universities ... five of New Zealand's largest and most prestigious universities, and also UCOL, a Polytechnic offering a wide range of diploma and degree courses in vocational fields.
- ISENZ represents ETC Language School with branches in Wellington and Palmerston North and we also have relationships with other language schools.
- All ISENZ institutions are signatories to the New Zealand Ministry of Education Code of Practice for the Pastoral Care of International Students.

There are many other reasons why you should use our services. If you want to know more then read our brochure and contact us.

WHY STUDY IN NEW ZEALAND?

The original European settlers in New Zealand were predominantly British and they developed an education system modelled on the British system, with strong links to British universities. Now in the 21st century, the New Zealand system is quite independent and has a character of its own. New Zealanders are by history and by nature, innovative, outward looking and creative.

New Zealand has a world reputation in Information and Communications Technology and has pioneered a number of initiatives in this field. The 'Americas Cup Satellite Mapping System' was developed in Dunedin, New Zealand. The expertise of the New Zealand film industry is clearly portrayed in the special effects of Peter Jackson's "Lord of the Rings" trilogy, "King Kong" and Andrew Adamson's "Narnia", all of which were filmed in New Zealand.

International PISA research shows that New Zealand students perform with the very best internationally. New Zealand's English language based education system equates with the best in the world. Curriculum documents are forward thinking and the country's 'National Certificate of Educational Achievement' has attracted widespread international attention. Students are assessed through a mixture of internal (school based) and external (national examination based) assessment which focuses on the skills that students need to acquire in a modern world. Each student receives a New Zealand 'Record of Achievement' which provides a detailed record of the skills a student demonstrates. Qualifications can be added to when a student moves into the tertiary sector or the workforce. It encourages life-long learning.

WELLINGTON

Wellington, the capital of New Zealand, is located in the centre of the country at the southern end of the North Island. It is a three hour flight from eastern Australia and around a ten hour flight from most places on the Pacific Rim.

Wellington is consistently voted New Zealand's most liveable city. Wellington's amphitheatre of harbour and hills dictates its compact form. Nearly everything is within easy walking distance.

The Wellington region is a collection of five cities and districts (Wellington, Hutt, Upper Hutt, Porirua and Kapiti). It offers a wide variety of landscapes – from bays and beaches to rolling hinterland – and a matching number of work and lifestyle options. Approximately 180,000 people live in Wellington City; 450,000 in the five cities that collectively make up greater Wellington.

Wellington enjoys a mild climate (if at times a bit breezy) with over 2000 hours of sunshine a year and an average daily summer maximum temperature of 22°C. It enjoys more sunshine hours than Auckland, Melbourne and London and less rain than Auckland and Sydney.

Wellingtonians are outward looking, and are the most educated (and highly paid) in New Zealand. Wellington is a multicultural and international city. More than 20 percent of residents are bilingual and some 25 percent were born outside the country.

Wellington boasts a network of high-calibre tertiary institutions, high schools and language schools.

ISENZ represents Victoria University, Massey University, Whitireia Polytechnic, Tawa College and Wellington East Girls' High School.

AUCKLAND

Auckland is New Zealand's largest city with a population of over 1.4 million people. It is the business hub of New Zealand with many companies having Head Offices in the city.

Auckland is located on a narrow isthmus of land with the Waitemata harbour on one side giving access to the Pacific Ocean and the Manakau Harbour on the west side opening into the Tasman Sea. The separation of the two harbours is as little as one kilometre at one point. The city sits astride approximately 50 extinct volcanic vents. The most recently active was Rangitoto Island which was believed to have been formed about 700 years ago.

Auckland has been named the "City of Sails", such is the popularity of sailing amongst the population. There are numerous yacht marinas within the harbour bays.

It is a very multi-cultural city with the largest Polynesian population (Maori and Pacifica) of any city in the world. There is also a large Asian population, predominantly Chinese and Korean.

The climate in Auckland can be described as "Mediterranean" with warm summers (22-28°C) and very mild winters (average daily maximum 14.5°C). The sea has a great moderating effect on temperature.

It is a beautiful city full of life and interest.

ISENZ represents Massey University (North Shore), AUT University, the Kingsland Institute, Auckland Grammar School and Macleans College.

CHRISTCHURCH

Christchurch is the largest city (population 360,000) in the South Island and the third largest urban area in New Zealand. It is located near Bank's Peninsula on the eastern side of the island. It is serviced by an international airport and the Port of Lyttelton.

Christchurch was established by English immigrants in 1848 and many signs of its English origin are still clearly visible today, especially in the architecture of its older buildings and in the schools in the inner city. The city has a strong education tradition and is the home of Canterbury University and Lincoln University. Sport is also a popular pursuit. The Canterbury Crusaders is probably the most successful provincial rugby team in the world.

The city lies on the eastern fringe of the Canterbury Plains, a rich agricultural area with sheep farming, dairying, grain production, grapes, crop and fruit growing. The Southern Alps lie to the west of these plains. The ski field at nearby Mount Hutt is popular in winter.

Summers are generally warm (20-25°C) and can be frequently quite hot (30°C or over). Winters are colder than in the North Island (5-15°C) with overnight frosts quite common and snow on rare occasions.

ISENZ represents Canterbury University, Burnside High School and Riccarton High School.

DUNEDIN

The city of Dunedin was established by Scottish colonists in 1848. It is now the South Island's second largest city with a population of 140,000.

The discovery of rich gold deposits in the province in 1852 led to rapid growth of the city and at one time it was New Zealand's largest city. The farming industry is now the prime source of revenue for the city although tourism also brings in considerable numbers. The popular holiday resorts of Queenstown and Wanaka are just two hours away by road.

Dunedin is serviced by an airport with regular domestic flights to Auckland, Wellington, Christchurch and Queenstown. Port Chalmers is a busy port.

Dunedin treasures its Scottish history. Many of its buildings reflect its grand history, including Otago University, the Dunedin Railway Station and several old churches. Otago University is New Zealand's oldest university and has a Medical School with an international reputation. Otago Boys' High School is claimed to be the oldest boys' state school in the Southern Hemisphere.

Summer days average about 20°C while winters average 10°C. Overnight frosts in winter are quite common and the city does experience snow on occasions.

ISENZ represents Otago Boys' High school and St Hilda Collegiate.

HAMILTON

Hamilton is a vibrant and rapidly growing city just 130km South of Auckland city. It is the provincial centre of the Waikato region, a prosperous and very fertile dairy farming area.

Hamilton is a major centre for agricultural research and the home of the University of Waikato. It is a growing, vibrant, modern, multi-cultural city with a population of 130,000. It also has a strong light industry base and a reputation as a very good education centre.

The Waikato River flows through the city. Many of New Zealand's very successful rowing teams regularly practise on this river and the city will host the World Rowing Championships in the next two years. Some NZ rowing teams have gone on to take Olympic medals and world Championship titles.

The Waikato is also a major horse breeding area. Many of Australasia's champion stallions have been born and trained in this region.

ISENZ represents the University of Waikato.

TAURANGA

Tauranga is one of New Zealand's fastest growing cities with a population of 120,000. Its popularity relates to two things primarily. The port of Tauranga is a major export point for fruit, farm and forestry products. Secondly, its climate and beaches make it a very popular holiday and retirement destination.

It is located in the Bay of Plenty about two hours drive from Auckland. Close by is Mount Maunganui, a very popular summer seaside resort. Tauranga is just 40 minutes drive from Rotorua, New Zealand's best known geothermal resort.

Summers in the region are warm, averaging 24°C, and winters are mild with daily winter maximum temperatures averaging 15°C.

The area is a prosperous farming area, with kiwifruit orchards abundant and dairying and forestry are both major producers.

ISENZ represents Otumoetai College.

NEW PLYMOUTH

New Plymouth is the provincial capital of Taranaki province. The city has a population of 51,000.

It is a beautiful city, set on the coast of northern Taranaki and on the northern side of Mount Taranaki. This 2400m extinct volcano is a beautiful sight on a fine day.

The city was established with migrants from the southwest of England in 1841, just a year after the signing of the Treaty of Waitangi, which established New Zealand as a British Colony.

It is now a thriving provincial centre, supported by a very prosperous dairy industry, and is the base for the New Zealand oil, gas and petro-chemical industry. Oil and gas are produced from on-shore and off-shore wells in the region. Taranaki is one of the most productive dairy farming regions in New Zealand. Products are exported through the Port of New Plymouth. The city is also serviced by a domestic airport.

Summer daytime temperatures average 20-22°C while winter day maximums average 14°C in July.

ISENZ represents the Pacific International Hotel Management School (PIHMS).

WANGANUI

Wanganui is a safe and peaceful coastal city of 45,000 providing education, health and business services for a large country area around the city. The excellent educational facilities attract students and teachers from other parts of the country as well as overseas.

Sporting activities are very popular and facilities such as the golf courses and indoor swimming pool are open to everyone to use.

The larger cities of Wellington and Palmerston North are within easy reach, just 1 or 2 hours drive away, and daily flights to other centres depart from Wanganui Airport. The climate is temperate with summer temperatures from 18-25°C (November to April) and winter temperatures 4-14°C (June to September).

Wanganui is a quiet provincial centre resting between the sea and the Whanganui National Park. Its early importance has left the city the legacy of a strong Maori cultural identity, elegant colonial buildings and a long tradition as an educational centre. The city is home to six secondary schools as well as Wanganui UCOL where a degree level Fine Arts programme is offered. UCOL's Computer Graphic Design degree programme is based here. The programme has an international reputation with a number of UCOL's computer animation graduates being employed in the production of "The Lord of the Rings" and "King Kong". "The Lord of the Rings" film trilogy gained a record 11 Oscars, including Oscars for Special Effects.

ISENZ represents Wanganui Collegiate, Wanganui High School, Wanganui Girls' College and UCOL.

PALMERSTON NORTH

Palmerston North is a vibrant provincial city with a population of approximately 78,000. Situated on the banks of the Manawatu River, it is nestled at the foot of the Tararua Mountain Range with the Ruahine Mountain Range to the north east. Located at the heart of a prosperous agricultural region, it is also a major research, technology and distribution centre. The city has a busy airport with domestic links to other major NZ cities and international flights to Australia. By road it is just two hours from the capital city, Wellington, and seven hours from Auckland. It is the junction of roads linking the city with the east coast cities of Napier and Hastings and west coast cities of Wanganui and New Plymouth.

The city has been called the Knowledge City because of the number of educational institutions within it. It is the home of Massey University, New Zealand's largest university, UCOL, the leading regional technical institute, the International Pacific College (a privately owned Japanese University) and Te Wananga o Aotearoa (a Maori University). The city has seven very highly regarded secondary schools and many primary schools, giving it the highest percentage of population involved in education of all New Zealand cities. It is also the centre for major NZ Government research institutions and Fonterra (one of the world's largest dairy research and dairy production companies). All of these research institutions work closely with Massey University.

Palmerston North has excellent shopping, restaurants and cafes. The city's theatres and sports facilities are the envy of many larger cities.

On the Tararua Range to the west is the Tararua wind-farm, where over 250 wind turbines form the country's largest wind-farm, generating sufficient electricity to meet the energy demands of the city and much of the region.

It is only two hours by road to the Whakapapa ski field on Mt. Ruapehu and three hours to the Taupo-Rotorua thermal region, a major tourist area. The southern North Island location of the city makes it an ideal starting point for travel to the South Island.

It is a culturally diverse city with students from over 80 countries.

Accommodation is readily available and much less expensive than in Auckland or Wellington and this can considerably reduce the cost of an international student's year.

ISENZ represents Massey University, UCOL, ETC, Awatapu College, Freyberg High School, Palmerston North Boys' High School, St Peter's College and Ross Intermediate.

NAPIER & HASTINGS

The twin cities of Napier (57,000) and Hastings (62,000) are located in the sunny east coast province of Hawke's Bay in the North Island of New Zealand. These cities are a mere 20 km apart.

Napier is famous for its Art Deco architecture originating from the rebuilding of the city centre in the 1930s, following a major earthquake in 1931. The area surrounding Hastings City is the fruit bowl of New Zealand, known for the production of apples and stone fruit, grapes and wine. Further inland sheep and cattle farming are dominant, with some sheep farms carrying 20,000-25,000 sheep.

The region has one of the best climates in New Zealand, with January day time temperatures averaging 26°C and winter days often reaching 16-18°C. Overnight winter temperatures can be near zero. Summer days in the low to mid 30s are common. Rainfall is considerably lower than on the North Island west coast.

Napier is served by a domestic airport and a busy port for ships. Exports from the area include farm products, fruit, timber and wine.

ISENZ represents Napier Boys High School, Hastings Girls High School, Iona College and Central Hawke's Bay College.

UNIVERSITIES & POLYTECHNICS

AUT University – the University for the Changing World Auckland

AUT is internationally recognised and globally competitive – the university for the changing world. We have reinterpreted the character of the older universities, but retain at our core a close relationship between research and teaching. Around this is built our distinctive approach to teaching and learning – our focus on the application of knowledge. AUT graduates are highly responsive to the needs of the modern, fast-changing and multiskilled work place.

The Faculties of Business, Design and Creative Technologies, Health and Environmental Sciences and Applied Humanities offer a comprehensive range of courses from pre-degree through to undergraduate and postgraduate doctoral levels. Because of established relationships with employers and professionals, the teaching and research is relevant to current and future industry, which accounts for our 95% graduate employment rate. Many programmes involve a co-operative education component, where students join a commercial enterprise for a semester and apply their newly-found skills and knowledge in the real world. English Language and Foundation Studies are also offered.

Location

Located in Auckland, New Zealand, AUT has two vibrant well-positioned campuses – City Campus and North Shore Campus across the Auckland Harbour Bridge.

Academic Programmes

Programmes are offered in fields as varied as:

Applied Humanities: Languages (Chinese, English, Japanese), education (Early Childhood, Montessori, Steiner), social sciences, criminology, hospitality and tourism studies.

Business: Accounting, advertising, business economics, commercial law, design, ebusiness, finance, information technology, international business, management, tourism, sales, HR & employment relations plus MBA.

Design & Creative Technologies: Communication studies (advertising creativity, PR, creative industries, journalism, digital media, radio, television), art & design (spatial, product, fashion, textiles for fashion, graphic design, digital design, visual arts), engineering (electrical, electronic, mechanical, network and communication, computer and mobile systems, construction management).

Computer & Mathematical Sciences.

Health & Environmental Sciences: Health Sciences (podiatry, psychology, sport & recreation, nursing, physiotherapy, midwifery, paramedic, oral health, health promotion, applied mental health, occupational therapy, public health); Applied Sciences (chemistry, mathematics, microbiology, aquaculture, environmental studies, food science, human anatomy & physiology, medical laboratory sciences).

Research

AUT places primary emphasis on developing a culture in which the integration and application of research and learning are defining characteristics. Students have the opportunity to learn and work alongside some of New Zealand's most innovative and creative researchers.

Student Support Services

AUT welcomes International Students from over 85 countries and provides full pastoral, academic and accommodation support. AUT University observes and is bound by the Code of Practice for the Pastoral Care of International Students published by the Ministry of Education. www.minedu.govt.nz

ISENZ can provide guardianship services

Massey University

PALMERSTON NORTH — AUCKLAND (North Shore) — WELLINGTON

Massey University is one of New Zealand's largest universities by way of enrolments with some 35,000 students. It has an 80 year tradition of academic excellence across a wide range of disciplines following its early recognition as New Zealand's premier institution for agricultural and horticultural teaching and research. Today, the University is a progressive and dynamic multi-campus entity well regarded for its innovation and ability to provide programmes that meet the needs of both domestic and international students.

CAMPUSES

The University has three major campus locations: at Palmerston North (original campus) and a rapidly expanding modern and strategically located development at Albany, just 15 km from the centre of Auckland City. Both these locations capture the Massey tradition of beautiful parklike campuses and a conducive learning environment. Massey's Wellington campus is located in the political capital of New Zealand and is close to the central business district. Wellington has a growing reputation for its cafes, and the promotion of arts and culture.

ACADEMIC COURSES

Five major Colleges: Business, Design and Creative Arts; Education; Humanities & Social Sciences; Sciences; as well as the New Zealand School of Music.

The Colleges have 45 associated Academic Departments, Schools and Institutes that provide a comprehensive, innovative and flexible range of Diplomas and Undergraduate and Postgraduate degrees (to PhD level), focused towards national and international requirements.

As a comprehensive University, Massey offers over 200 programmes of study. Of particular interest to international students are the University programmes in:

- Agricultural & Horticultural Science
- Aviation
- Business Studies
- Communication & Journalism
- Design & Fine Arts
- Education
- Engineering
- Environmental Health Science
- Food Science & Technology
- Humanities and Social Sciences
- Human Nutrition & Health
- Information Sciences
- Nursing
- Resource & Environmental Planning
- Science
- Sport Management & Exercise Science
- Technology
- Veterinary Science

RESEARCH

Palmerston North is the location of a significant number of government and privately funded research centres. The University works co-operatively with these centres in its role as a premier research institution in New Zealand. Currently Massey University has 800 PhD enrolments.

RECREATION AND LEISURE

The University has extensive recreation and leisure facilities, which are open for extended hours to all students and staff. This includes a fully equipped gymnasium and outdoor facilities. Near the Palmerston North campus is a new international standard all-weather athletics track and the Institute of Rugby and Sport.

CENTRE FOR UNIVERSITY PREPARATION AND ENGLISH LANGUAGE

Massey offers a range of English language and university preparation programmes across all campuses. It is also an IELTS (International English Language Testing System) testing centre. View <http://english.massey.ac.nz>

ACCOMMODATION OPTIONS

Halls of Residence (meals provided)
University flats (self catering)
City flats
Homestay

TOTAL STUDENT ENROLMENTS: 35,000

Undergraduate Students: 27,000
Postgraduate Students: 8,000
International Students: 4,000
Countries Represented: over 100

For further information go to:

University of Canterbury

CHRISTCHURCH

Established in 1873 by scholars from Oxford and Cambridge, the University of Canterbury has an international reputation for academic excellence in both teaching and research. Currently there are over 2,000 international students from over 60 countries enrolled in a wide variety of programmes out of a total student population of 16,000.

The campus

The University is situated in a spacious landscaped campus in the suburb of Ilam, Christchurch. Known as the 'Garden City', Christchurch has beautiful parks and beaches as well as great shopping and a strong cultural scene.

The University also has five field stations throughout the South Island, serving as field-trip bases and research centres for staff and students.

Academic programmes

First degrees are offered in Arts (Humanities and Social Sciences), Commerce (Business and Economics), Education (Physical Education), Engineering, Fine Arts, Forestry, Law, Music, Science, Social Work, Speech and Language Therapy, Sport Coaching and Teaching (Early Childhood, Primary, Secondary).

Postgraduate courses range from one-year graduate and post-graduate diplomas, to Masters degrees based on a combination of course work and research, and purely research-based doctorates.

Academic year

The academic year begins in mid February and ends in mid November, with two semesters: February to June and July to November.

English Language and Foundation Studies

The University's preparatory programmes provide ideal preparation for study at undergraduate or postgraduate degree level. All of our courses are designed to provide students with the specific language and study skills needed to succeed in academic study.

Student services

Our student advisors provide caring and friendly support to all international students on campus. Other services include an orientation programme, a mentoring programme, assistance with English language, writing and study skills, assistance with accommodation and on campus medical facilities.

Accommodation

There are six halls of residence within a few minutes' walk of the University. Home stays (private board with a NZ family) can also be arranged.

For further information go to:
www.canterbury.ac.nz

For enquiries & enrolments
please contact ISENZ.

The University Of Waikato

HAMILTON

INTRODUCTION:

The University of Waikato is one of New Zealand's most modern and innovative universities, based in the beautiful river city of Hamilton, with a satellite campus in Tauranga. We are home to more than 13,000 students including close to 2,200 international students from over 70 countries.

The University has a distinctive New Zealand character derived from our region. Waikato is the Maori name meaning "flowing water", a name we share with New Zealand's longest river and our home province. At Waikato, students can combine major and supporting subjects from over 3000 courses, providing a sound basis for future employment or further study.

LOCATION:

Established in 1964, the University is spread over a beautifully landscaped 68 hectare campus, a short distance from the centre of Hamilton.

SCHOOLS/FACULTIES OF STUDIES

The University consists of seven Schools/Faculties of Studies including: Arts and Social Sciences, Computing and Mathematical Sciences, Education, Law, Management Studies, Maori and Pacific Development, and Science and Engineering.

WAIKATO PATHWAYS COLLEGE

The Waikato Pathways College comprises the University's foundation and bridging programmes, English Language provision, Continuing Education, Community Education, student learning support including literacy support and travel and study groups.

RESEARCH / ACADEMIC HIGHLIGHTS

The University of Waikato is committed to research excellence. In the nationwide research rankings completed in 2007, Waikato ranked #1 in New Zealand in:

- accounting and finance
- chemistry
- communication and media studies
- computer science, information technology and information sciences
- ecology, evolution and behaviour
- general business
- management, human resources, industrial relations
- molecular, cellular and whole organisms biology
- pure and applied mathematics
- music, literary arts and other art

FACILITIES

Waikato International Centre with student lounge, international student advisers, academic advisers and support staff in all schools of studies, state-of-the art teaching facilities, lecture rooms and laboratories, modern computer network with 24-hour access for students, well-equipped library with printed and electronic resources, academy of Performing Arts for drama, dance and music, recreation centre with gymnasium and sports facilities, extensive sports grounds and outdoor swimming/diving pool, student medical centre, interdenominational chapel and Muslim prayer room, shopping precinct.

ACCOMMODATION

There are four Halls of Residence on campus which can accommodate up to 1000 students. The accommodation advisory service can also help students to find places in private board or in shared flats and houses which are located within a five-minute walking distance from the University. All Halls of Residence are co-educational. However, there are a limited number of rooms in areas designated women-only.

For further information go to:

Victoria University of Wellington

WELLINGTON

Victoria is a highly ranked university with a strong research focus. The University was established in 1899, making it among the oldest universities in New Zealand. Victoria is located in New Zealand's capital city, Wellington, in close proximity to the country's national research institutions. The University enrolls over 21,000 students each year including around 3,000 international students from around 80 countries.

Location & Sites

Victoria University has four campuses, three of which are within 15 minutes walk of each other in the city centre. The main Kelburn campus enjoys stunning views over the harbour; the Law School occupies the historic government buildings opposite Parliament and is adjacent to the Faculty of Commerce and Administration, on the Pipitea campus; the Schools of Architecture and Design occupy a large, awards-winning building, Te Aro campus, in the midst of the central city's heart; the Faculty of Education is located in Karori, a 10-minute drive from the heart of the city.

Academic Courses

Study opportunities are offered through seven faculties: Architecture & Design, Commerce & Administration, Education, Engineering, Humanities & Social Sciences, Law, and Science.

Architecture & Design's facilities are among the best in Australasia. Major items of equipment include 3-D Digital Printer, Digital Laser Cutter, a wind tunnel, and other environmental simulation equipment.

Commerce and Administration makes the most of being close to the centre of a thriving capital city. Many businesses have their head offices in the city and excellent links are in place with government agencies. The faculty incorporates the Schools of Accounting & Commercial Law, Economics & Finance, Government, Information Management, Marketing & International Business and the Victoria Management School.

Humanities and Social Sciences are ranked in the Top 80 in the world by the THES. As Victoria's largest faculty, this offers a wide range of study areas, including Classics, Asian & European Languages, English, Film, Theatre & Media, Political Science & International Relations, Linguistics, Nursing & Midwifery.

Education teaches a range of undergraduate programmes related to teacher training in early childhood, primary and secondary areas. It also delivers a range of undergraduate and postgraduate study for the professional development of teachers.

Engineering is currently offered at undergraduate and PhD levels. Focuses within the Faculty include Computer System Engineering, Electronic Engineering, Network Engineering and Software Engineering.

Law offers study at undergraduate and postgraduate levels. It has acknowledged strengths in International Law, Public Law and Commercial Law and includes two research centres - NZ Centre for Public Law and NZ Centre for Dispute Resolution and Research.

Science offers study through its Schools of Biological Sciences; Chemical and Physical Sciences; Geography, Environment & Earth Sciences; Mathematics, Statistics & Computer Sciences; and Psychology.

The New Zealand School of Music (NZSM) has been established by combining Victoria University of Wellington and Massey University's strengths to offer students opportunities for comprehensive music study unique in New Zealand.

Pathways to degrees: A renowned English language study programme - EPP - and a Foundation Studies programme are incorporated within the University.

UCOL

PALMERSTON NORTH — WANGANUI — MASTERTON

UCOL is a large New Zealand Government funded Institute of Technology located in the lower half of the North Island. UCOL is a large regional institute of technology offering a wide range of post-graduate and undergraduate degrees, diplomas and certificates. UCOL is proud of its academic standing and respectability in the New Zealand tertiary education sector. UCOL alumni have achieved significant success in the commerce and professional environments, both in New Zealand and offshore. Many alumni have undertaken further educational study, both in New Zealand and in countries such as the United States and UK, achieving high honours at the masters and doctoral level. We are proud of the fact that we produce graduates who are work ready, problem solvers and creative thinkers, for this is an integral part of UCOL's educational philosophy. Over 10,000 students study at UCOL each year on either a full-time or part-time basis. There is a positive learning environment, supported by excellent learning resources including student computer studios open seven days, free internet access, literacy support and an active students' association.

Location

UCOL has three campuses all located in the centre of their cities: Palmerston North (population 78,000); Wanganui (population 45,000); Masterton (population 22,000). All of these cities are relatively small by world standards, adding to the friendly environment which our international students enjoy so much. No matter which UCOL campus is your base, it is an easy journey to mountains and ski fields, lakes, rivers and beaches or to other cities such as Wellington, our capital city, or to Taupo and Rotorua, famous tourist destinations.

Academic Programmes

All UCOL courses are government approved and accredited by the New Zealand Qualifications Authority (NZQA). This means that there is a high degree of quality assurance and benchmarking of standards both within New Zealand and in an international context. UCOL is also a signatory to the New Zealand Ministry of Education Code of Practice for the Pastoral Care of International students. UCOL offers a post-secondary vocation-based polytechnic/institute of technology type of education. Theoretical learning is balanced by applied in-class projects and assignments, and workplace-based training. The programmes that attract international students are:

Degrees

Bachelor to Masters Computer Graphic Design

Bachelors of: Nursing · Nursing for Registered Nurses · Information and Communications Technology · Fashion Fine Arts · Applied Visual Imaging · Exercise & Sport Science · Applied Science (Medical Imaging Technology)

Diplomas

NZ Diploma in Business; National Diplomas in: Engineering (Electrotechnology) · Science.

Diplomas in: Information and Communications Technology · Furniture Design and Making · Applied Massage Therapies · Veterinary Nursing

Certificates

Computer · Health Science · Tourism & Travel · Trades & Industry · Hospitality · Art and Design

Support And Accommodation

Our International Centre staff will help you with useful information about preparing to study in New Zealand, and by arranging your accommodation before you arrive. You will be met at the airport closest to your campus, taken to your accommodation, and given assistance in arranging a bank account. There is a lot to learn and we aim to make the first few weeks at UCOL as easy as possible for you.

At a special orientation session you will learn how we look after our students. We have nurses on each campus to provide first-step medical advice, and we offer counselling on stress, health, education and financial advice.

Whitireia Community Polytechnic

AUCKLAND — WELLINGTON — KAPITI — PORIRUA

Whitireia Community Polytechnic is a New Zealand government-owned polytechnic with campuses in Auckland and Wellington. Established in 1986, Whitireia has established a reputation for producing a wide range of work-ready graduates who have gone on to secure employment both in New Zealand and overseas.

Learning Environment

Whitireia is a multicultural polytechnic reflecting the ethnic richness and values of a diverse society. Staff are dedicated to providing students with an education that will support their chosen career and ensure that they have the right training to begin work in the real world. Staff are concerned about the needs of every student and provide a range of services to ensure a safe, exciting environment for living, learning and sharing. All programmes have strong links to industry and all tutorial staff have many years of industry experience to bring reality into the classroom.

Courses

Whitireia offers over 130 programmes with strong industry links. Pathways allow students to enter their chosen study area with varying English and academic requirements. All programmes have a focus on enabling students to be work-ready, with many qualifications incorporating industry experience.

Bachelor Degrees, Diplomas or Certificates are offered in the following areas:

- English Language · Beauty, Hairdressing & Cosmetic Services · Business · Management
 - Legal Executives Course · Catering & Hospitality · Travel & Tourism · Outdoor Adventure
 - Communications · Applied Arts (Creative Writing) · Creative Writing & Publishing · Journalism
 - Computing · Information Technology · Applied Arts (Performing Arts, Music) · Applied Stage and Screen Arts · Rock, Jazz and Commercial Music · DJ Music · Foundation Music
 - Teaching (Early Childhood Education) · Automotive Engineering · Electrical Engineering · Carpentry
 - Plumbing · Gasfitting · Drainlaying · Roofing · Road Transport · Commercial Transport Aviation (Helicopter, Instructor Rating, Multi-Engine Instrument Rating, Aeroplane)
 - Applied Arts (Visual Arts) · Jewellery Design · Visual Arts · Digital Design and Multimedia · Digital Design · Desktop Publishing for Print and the Web · Advanced Photography · Practical Photography
 - Floristry · Office Administration and Computing (Advanced, Intermediate, Introductory, Contact Centre) · Nursing (Pacific) · Nursing · Health Science (Paramedic) · Nursing Registration
 - Foundation Education (Health Science) · Social Work · Foundation Education (Social Science)
- Some courses are only available at certain campuses.*

Educational Style

Whitireia offers a post-secondary vocation-based polytechnic type of education. Theoretical knowledge is enhanced by applied in-class projects and assignments as well as industry-based learning.

Study

Whitireia combines industry-experienced lecturers and tutors with excellent pastoral care support to enable students to gain the knowledge and experience necessary to succeed in the “real world”.

English Language Proficiency

Proficiency in English requirements are listed in Whitireia’s International Student Guide, available on request. Whitireia’s Auckland (International) Campus focuses on the provision of tertiary education to speakers of English as a second language and incorporates an English language component into its programmes as well as offering a range of entry points.

LANGUAGE SCHOOLS

ETC Learning Centre

PALMERSTON NORTH & WELLINGTON

With 15 years' experience and 2 campuses, ETC offers an excellent variety of academic English programmes to suit secondary school and tertiary students. There are also conversational and general English courses for short-term visitors and job seekers. Two campuses provide a friendly welcoming atmosphere with students from many cultures.

Student Facilities

Each campus has a spacious lounge, kitchen, study area and free access to the Internet. Our computers have special software and are compatible with most international languages. Students can send e-mails to their family and friends in their own language.

Academic English Programmes

IELTS, TOEIC & OET preparation courses are available for students intending to go to university or other tertiary institutes.

English for Nurses and other Health Professionals

Study full-time for either 3 or 6 months for the Occupational English Test (OET). This is an alternative English test accepted by the NZ Nursing Council.

General English Programmes: Bridging Course

ETC offers English study for students intending to go to local secondary schools, polytechnics and university. It is an excellent opportunity to build up fundamental English skills and confidence before going to higher education.

Study Tours

We develop special interest programmes and activities for groups, suitable for those who want to study conversational English and enjoy cultural and outdoor activities. We will customise your study tour in accordance with your interests.

Farmstay Plus English

After you have studied English at ETC, we can arrange farmstays for students to experience rural farm life in New Zealand.

Academic Support and Counselling

- Each campus has full or part-time courses in Beginners, Elementary, Intermediate and Advanced English
- Small classes with professionally trained ESOL teachers who provide individual academic support.
- Students receive excellent passes in the IELTS and OET exams and high scores in TOEIC.
- All courses are approved by the New Zealand Government and the New Zealand Qualifications Authority (NZQA).
- 90% of the students are adults. However ETC will accept younger students from the age of 13.
- Courses start every Monday.

Accommodation and Pastoral Support

ETC provides free airport pick up from either Wellington or Palmerston North. ETC also arranges homestay or hostel-type accommodation. Homestay students have their own room and three meals per day provided by an English-speaking host family. ETC provides warm and friendly support to the students and ensures that they are safe and well cared for at all times. ETC also assists students to join sports clubs and cultural activities, and can arrange weekend bus trips.

PRIVATE TERTIARY INSTITUTIONS

Kingsland Institute of New Zealand

AUCKLAND

Kingsland Institute of New Zealand (KINZ) is an accredited and well-established tertiary provider in a wide range of subjects. A history of six years IELTS training and an excellent team of IELTS trainers make KINZ your best choice. Our diploma courses in Business, IT and Cookery have enjoyed a wonderful reputation across the related industries. It has always been our belief that quality counts. Our ever growing curriculum and enrolments are evidence of our constant practice of this belief.

Campuses:

Auckland CBD Campus is located in the heart of Auckland, 20 metres from the Sky Tower, and just opposite the Buggy Ride. It is very conveniently placed amidst the facilities a modern city offers. The Cookery Campus is specially designed and well equipped with the most famous brand of cookery equipment for our professional cookery courses at KINZ's own building in Panmure, Auckland. There are plenty of car parks at the back.

Courses

New Zealand Diploma in Business (Level 6) The two year course is a hands-on award that allows students to gain a broad range of general business skills that are considered to be an advantage in securing an ideal job in the local and overseas market. Graduate students may apply for further study at the University of Auckland or other universities.

NZIM Diploma in Management (Level 5) The one year course provides a thorough grounding in business and management practice appropriate for people wishing to enter management roles. The NZIM Diploma in Management opens up a wide variety of future careers in management positions.

Diploma of WWW Design and Programming (Level 6) This qualification has been designed to equip people for working in the web design industry. The one year course is divided into three major sections: Web Site Programming, Web Site Design and Final Project.

Diploma in IT (Level 7) * will provide the shortest way for international students to gain immigration to New Zealand. *Subject to approval. Associated with ATC.

Diploma in Professional Cookery (Level 5) The popular 70-week course includes six weeks of work experience.

National Certificate in Hospitality (Professional Cookery Level 4) with double majors both in Patisseries and Cookery will be awarded after 44 weeks of the course. The graduates of the diploma course can easily gain employment as these courses are on the New Zealand Immigration Service's long term shortage list.

Other Courses: KINZ has the best training team for **IELTS, SAT, TOEFL, GRE, NCEA,** and **General English** courses. English training has always been the strength of KINZ. Hundred of graduates have fulfilled their dreams.

Student Services: We arrange homestays for our students with local Kiwi families. Students will enjoy our free services for visa extension, study and pathway guidance, library & internet facilities at all our campuses and the best KINZ support too.

Pacific International Hotel Management School

NEW PLYMOUTH

At the Pacific International Hotel Management School (PIHMS), you'll enjoy world-class hospitality training and a quality lifestyle in a fully operational hotel environment, under the guidance of the renowned International Hotel and Tourism Training Institute (IHTTI) of Neuchatel, Switzerland.

Attain Swiss, Australian and New Zealand internationally recognised qualifications along with 12 months of paid industry work experience.

Gain your hospitality management undergraduate, bachelor degree or post graduate qualifications while studying in a simulated professional hospitality environment, where you'll be both a hotel guest and student, learning to operate the various departments of a hotel and the associated business aspects of the hospitality industry.

Our courses in hotel management include paid Industry Placement in leading hotels throughout New Zealand and overseas, providing invaluable work experience to prepare you for an exciting and rewarding career.

Study at one of the best hotel schools and join the hundreds of successful PIHMS graduates around the world living their dreams!

Courses start in January, April, July and October.

Begin your journey to success today—a world of opportunity awaits!

PIHMS provides a safe and friendly environment which replicates the hospitality industry very well. The things you learn do represent the key skills you require to succeed in the hospitality industry. The best thing about PIHMS is the environment it provides you to learn in, the lecturers who are there to teach you and the people you live and work alongside. To me, PIHMS was everything I had hoped for from a tertiary institution.

James Billing
Front Office Manager
The Langham Auckland
Bachelor of Applied Hospitality and Tourism

The thoroughness of the training that you receive at PIHMS makes you absolutely ready to handle the intricacies of your first job in hospitality. The best thing about my job is serving guests. It gives me a high when someone desperately needs something and I can find a solution for the problem calmly and effectively.

Nishant Jadav
F&B Supervisor
Stamford Plaza Auckland
International Diplomas in Hotel Management

HIGH SCHOOLS

Auckland Grammar School

AUCKLAND

A Special, Unique And Independent State School

Auckland Grammar School is a unique non-selective state school that is consistently at the top of the academic league tables, puts out over 400 sports' teams each year, has marvellous performance music groups and performing arts productions and has an international as well as national profile.

The success of the school is the result of a combination of factors:

- A rich history and tradition (founded in 1869)
- A magnificent main building and superb teaching and sports' facilities
- A prestigious and favoured location
- A student cohort that is generally motivated and ambitious for success
- Unprecedented community support
- Strong governance and management
- Extraordinarily strong teaching and support staff

All of this has created a culture, environment and atmosphere which in a myriad of ways influence how well the boys learn. This culture incorporates the following:

- A focus on instruction and learning; this is the essence of Grammar
- Teachers see their prime role as teachers and instructors
- There is a known and understood instructional programme
- Students are expected to perform well
- Progress in learning is constantly assessed
- There is coherence within subjects, across subjects, across year groups and among classroom approaches.

Auckland Grammar School is the pre-eminent academic secondary school in New Zealand. Over the years the School has produced:

- 25 Rhodes Scholars (to Oxford)
- 14 Girdlers Scholars (to Cambridge)
- 7 Fellows of the Royal Society of London (the largest number of any school outside UK)
- 1 Fields Medal winner (Vaughan Jones 1990)

Nationally, our success in external national and international examinations over 139 years is unparalleled: Auckland Grammar School has been the top achieving state school in all external exams for the past 15 years. Grammar has been in the top 3 schools, both state and private, in the NZ Scholarship rankings since the examination was reinstated three years ago (AGS was top school in 2006) Auckland Grammar School students had 99% pass rate in full A-level exams in 2004-2007. Auckland Grammar School has consistently had University Entrance pass rates over 95% over the past 15 years.

Because Auckland Grammar School is exclusively a school for boys it is able:

- To help boys develop a strong sense of self-esteem and worth, while accommodating for differences in learning style and creating a climate of achievement
- To allow teachers to embrace the distinctive tempo, sequence and style of learning specific to boys
- To effectively promote boys' confidence, freedom, self-discipline, academic achievement and leadership skills
- To help boys discover their individual strengths and weaknesses and affords them opportunities to feel good about themselves
- To give boys the freedom to explore their individual interests and identities and pursue their unique potential which will allow them to enter any situation with poise, assurance and dignity.

Awatapu College

PALMERSTON NORTH

Awatapu College has attractive tree lined grounds with large sports fields and modern well planned buildings. Specialist facilities include an excellent library, sports gymnasium, performing arts facilities and technology, science and computer rooms that make it practical as well as spacious. Palmerston North enjoys easy access to mountains, lakes, sporting venues and beaches and is within easy reach of Wellington.

Academic

- Courses registered with NZ Qualifications Authority (NZQA).
- Automatic entry to all NZ Tertiary Education institutions and universities following exam success and graduation from Year 13.
- International students well represented in school Honours Awards.
- High academic achievement in National examinations.
- Academic counselling and course planning.
- Success in gaining University Entrance.
- Opportunities to participate in a wide range of curriculum.
- Co-educational school with approximately 750 students. Year 9 - Year 13.

English Language Support

- ESOL, IELTS preparation and academic English for university study.
- Specialised academic tutorial classes.
- In-class teacher aid support.
- Students study in classes alongside NZ students.

Extra-Curricular Programmes and Sport.

- Extensive range of sports, music, drama, cultural and interest groups.
- Outdoor education camps and ski trips.
- Students encouraged to participate, make friends with NZ students and through involvement become better communicators in English.
- Students enjoy social contacts and balance school work and social activities.

International Student Support

- Specialised welfare and homestay support.
- Homestay placements arranged with approved local families.
- Homestay Co-ordinator on call at all times in emergencies.
- Homestay families are welcoming and friendly and make students feel part of their family.

Burnside High School

CHRISTCHURCH

Burnside High School is one of New Zealand's largest and best performing secondary schools. It is recognised nationally and internationally as a top academic school. We have a diverse range of subject options, innovative programmes, excellent teaching, and co-curricular activities. We encourage all students to discover their talents and to develop them to their full potential.

Burnside High School has a strong academic focus as well as a strong commitment to music, art, sport and computing, whilst ensuring that the other interests and strengths of the students are not neglected. Our continual success is based on our supportive, quality teaching, excellent facilities and pleasant environment. Each year Burnside High School is amongst the leading schools in Scholarship results.

The happiness, safety and satisfaction of our students are of paramount importance to us. We place a strong emphasis on ensuring that students enjoy their experience in Christchurch, and on ensuring that parents are confident of the safety of their children.

Location and Facilities

Burnside High School has a very attractive campus of 16.2 hectares with trees, gardens, courtyards and expansive sport fields including an all-weather hockey field. Our buildings are functional, modern and well maintained with specialist rooms for most subjects. The school is located in the prestigious north-west area of Christchurch city, ten minutes from the airport, ten minutes from Canterbury University and close to major shopping malls.

Academic Programme

The size of our school offers many advantages to international students. We offer an extensive range of subjects, from Year 9 to Scholarship level. We teach four languages including French, German, Maori and Japanese. Languages such as Spanish and Latin can be arranged on request.

English Language Support

Burnside High School has an excellent English for Speakers of Other Languages (ESOL) department. Teachers in the department are expert at improving the language skills of international students, enabling those students to function in the subjects they are studying. Our ESOL department has an Intensive English programme to enable students less experienced in English to reach the required language standards to gain entry into our mainstream classes. This programme is open to all students aged from 13 to 17 years old who have a minimum ability in English.

Extra Curricular Programmes

Burnside has a tradition of welcoming international students who contribute to the strength of the school academically, culturally and in sport and music. We encourage our students to take part in out of class activities chosen from an extensive range. We offer a challenging supportive environment in which our students can move beyond school with confidence.

Student Welfare

The principals, deans, counsellors, form teachers, ESOL staff, international department staff, office staff and senior students all assist international students to enjoy and achieve in their Burnside High School experience. People continually tell us we are a caring supportive school.

Accommodation

Homestay placement and supervision is arranged by our homestay coordinator. We carefully match host families with students to ensure the best possible placement. We insist all international students stay in a family home.

Central Hawke's Bay College

CENTRAL HAWKE'S BAY

Central Hawke's Bay College is a rural co-educational school of 700 students aged from 13 to 18. Our aim is to produce confident, competent all-round students who strive for excellence in all areas.

Why choose Central Hawke's Bay? Central Hawke's Bay College offers a warm and welcoming environment for its international students.

We believe in providing a quality and caring experience for a small number of overseas students. Living in a small rural community means everyone knows your name! The International Co-ordinator not only teaches at the College but also co-ordinates homestays and visits homes regularly.

Facilities

- 17 hectares of beautifully landscaped grounds
- Well resourced departments.
- The International Co-ordinator also teaches at the College, and we also have an International Homestay Manager who organises, co-ordinates and visits homes regularly.

Academic Programme

- Small classes (average 18 students) in the senior school
- High quality academic programmes and scholastic success delivered by a dynamic and highly qualified staff.
- Broad and balanced education.

Extra-Curricular Programme

- Above national average participation in sport.
- Outstanding music and cultural opportunities.
- Involvement available in Duke of Edinburgh Awards, Young Enterprise Scheme etc.

International Students

- Welcoming atmosphere
- Small number of international students integrated into the body of the school.
- Dedicated International Co-ordinator, and Homestay Manager.

Location

- Rural community of 14,000 people, many of whom live in Waipukurau and Waipawa, the two largest towns. Renowned for its temperate climate, sheep and cattle farming, vineyards and orchards.

FAHS - Feilding High School

FEILDING

FAHS - Feilding High School is a progressive co-educational secondary school with a roll of 1380 students. The school was established in 1921 and has a proud tradition of academic, cultural and sporting achievement which continues with today's students.

We offer traditional school values of respect, courtesy and excellence. There is a modern curriculum offering wide subject choice, quality teaching with excellent facilities and resources, and extensive use of information technology.

FAHS - Feilding High School is located in the rural town of Feilding (population 14,000) which is 15 minutes drive from Palmerston North city.

The school is set on a large attractively landscaped campus with excellent sporting and cultural facilities which include an all-weather sports turf, swimming pool, two gymnasiums, a fitness centre and a working drama theatre. The school also owns two farms which provide a teaching facility for students who choose to study Agriculture.

International students receive intensive ESL tuition and subject support through the ESL Department. Each student is assessed on entry to determine the level of support needed.

The school has a boarding hostel on site - L.J. Wild House. Students who want to live in the hostel must make application at least one year in advance of entering the school.

Most international students choose approved homestay accommodation. Our Home-stay Co-ordinator provides pastoral care for students and liaises between homestay families and students to sort out any problems that may arise. Home-stay families provide excellent care and the students receive individual attention and assistance.

We have welcomed international students into our school for the past 18 years. Many of the students educated here have successfully furthered their study at tertiary level. We encourage international students to participate fully in living and studying in New Zealand so they can benefit both socially and academically.

Freyberg High School

PALMERSTON NORTH

Freyberg High School promotes innovation, caring and excellence to prepare students to meet the changing needs of tomorrow's world.

Freyberg High School has established a reputation as a school that provides a high quality, balanced education. The school places importance on academic, cultural and sporting achievements and the personal development of individuals. Established in 1955, Freyberg High School is a state co-educational high school with a roll of 1300 students. The school welcomes international students. At present we have students from over 20 countries. The school has spacious grounds surrounded by trees and playing fields and has outstanding facilities.

Academic Programme

Courses are offered from Year 9 to Year 13 levels. Subjects offered include Accounting, Art, Art History, Biology, Business Studies, Catering, Ceramics, Chemistry, Textiles, Classical Studies, Computer Studies, Drama, Economics, Traditional and communication English, ESOL, Food & Nutrition, French, Geography, Graphics, History, Integrated Studies, Japanese, Mathematics, Maori, Music, Photography, Physical Education, Physics, Spanish, Text Information, Technology and Tourism. Availability of some subjects at senior level is dependent upon demand. Some prior learning of English is required, as all instruction will be in English. Evidence of prior English language instruction is required on application.

English Language Support

Programmes of Support English meet the individual needs of students. All new students undertake an orientation programme which familiarise them with every day English and the facilities of Palmerston North and the school. Students sit IELTS and the New Zealand Speech Board examinations in their final year.

Extracurricular Programme

A wide range of sports and cultural activities is offered. Many students are involved in music groups, drama, choir, debating and sports teams. The school offers outdoor education and adventure programmes including skiing, canoeing, mountaineering and caving.

Group Tours

Freyberg High School is available to host short course groups throughout the year by arrangement with the Director. Students receive English language tuition in the mornings and classroom visits and activities in the afternoon.

Accommodation

Freyberg High School arranges homestay accommodation. Host families are selected carefully by the school and all families have been Police vetted regularly by the school and a specialist Pastoral Care Manager is employed by the school to ensure the highest possible standard of homestay care. Pastoral care is available at any time of day to assist with any personal or homestay problems if they arise. Students are met on arrival at Palmerston North airport and taken and introduced to their homestay host family.

Hastings Girls' High School

HASTINGS

The school's strong academic focus is tailored to meet the unique needs of young women so that each student achieves to the maximum of her academic potential. The blend of tradition and vision equips students for life in the new millennium.

Located in central Hastings in park-like grounds, Hastings Girls' High School has excellent modern facilities of well-equipped classrooms and specialist rooms.

The school is well-known for promoting excellence in the fine traditions of academic achievement, cultural involvement, sporting excellence and community service. Diagnostic assessment and continual monitoring allow the school to place girls in subject groups where they can be challenged to reach their full potential. Traditional academic subjects are given a high priority as these are the foundations on which girls can build to prepare themselves for tertiary study. The school is proud of the level of achievement of its students in tertiary education.

High standards of uniform and personal presentation give students self-assurance and pride in their school. This well-ordered disciplined learning environment enables girls and teachers to maximise their time together.

Hastings Girls' High School is well-known for its warm, supportive environment. The school's excellent pastoral care and academic support system ensure that the pastoral needs of students are met at all times. English language support, in-class support and extra assistance is available to give students on-going academic support while at school.

Students live in homestay accommodation approved and arranged by the school. Homestay experiences help develop English language skills.

Horowhenua College

LEVIN

Horowhenua College is situated in the rural township of Levin (Population 18 000). It is named after the lake on the western border of the town and it is nestled on productive farm land against the backdrop of native bush covered Tararua Ranges. Levin is fifteen minutes from the west coast beaches and fifteen minutes from the Tararua Ranges, 70 minutes to the capital city Wellington and 40 minutes from Palmerston North city.

Horowhenua College is a co-educational state school (roll 650) with expansive grounds. The main building surrounds a rose garden quadrangle.

Standard academic subjects are available such as maths, sciences, social sciences and art as well as performing arts, technology, media studies, outdoor education, music and creative catering.

Facilities include two gymnasiums, weights room, outdoor swimming pool, climbing wall, performing arts complex and the recently revamped technology block.

Language studies include Spanish, Japanese and Maori. (Conversational French, and Latin if required, at extra cost for distance learning and tutoring.)

Accommodation is in carefully selected homestays. This enables students to experience the New Zealand culture first hand with their caring host families.

Students can participate in a wide range of sporting and cultural activities through the college and the local community. Local facilities include, Aquatic Centre, artificial hockey turf, golf course. Canoe polo is one of the College's strengths. Sports available include cricket, rugby, netball, hockey, rowing, mountain biking, basketball, bowls, swimming, shooting and soccer.

The Outdoor Education programme works on a "challenge by choice" policy and includes rope work, kayaking, mountain biking, orienteering, navigation, bushcraft and rock climbing.

A friendly, caring environment welcomes international students. The college motto "Essayez" - "Try your best" encourages students to participate.

Iona College

HAVELOCK NORTH

Iona College has offered quality education for nearly 100 years and believes in pursuing personal best in a caring environment. Students are actively helped to become all that they can be. A girls only college, Iona focuses on the academic, sporting, cultural, pastoral and spiritual dimensions of education.

Set in 27 acres of park-like grounds in sunny Hawke's Bay, Iona College has tennis and netball courts, an athletics track, hockey and soccer fields as well as an in-ground swimming pool and modern Sports Centre. The academic programme prepares all students for success in their chosen field. Class sizes are small and Iona provides a supportive, family environment while still offering a wide range of educational opportunities in the classroom, in House and School events and in extra curricular activities such as music tuition, choir, orchestra, speech tuition, drama, debating and sport.

International Students

Iona has had over 15 years of experience with overseas students. During the term, students are accommodated in the school boarding house with each girl having her own room. Carefully chosen homestays are arranged for holidays. An Overseas Student Co-ordinator assists each student and keeps in contact with parents.

Iona offers valuable opportunities to develop strong language skills among English speaking friends. Students are mainstreamed in their chosen subject areas. Essential Skills offers all students with specific language needs the opportunity for individual tuition. Programme selection and subject support are provided by a qualified and experienced teacher. NCEA Literacy requirements and IELTS preparation are catered for.

Macleans College

AUCKLAND

Students at Macleans College have achieved five of the twenty three Premier Scholarships awarded by the New Zealand Qualifications Authority over the last two years. These are the most awards won by any school. The scholarship is the highest academic recognition given by the Qualifications Authority.

Students have also been placed Top-in-New Zealand and Top-in-the-World in the Cambridge (UK) International Examinations.

Increasingly more of our students have gained entry to Harvard, Princeton, Oxford and Cambridge Universities.

Our academic programme ensures that:

- we have an outstanding record of student achievement
- the curriculum has academic subjects at its core and is continually reviewed
- many Macleans College students leave having achieved excellent results
- at Year 9 and 10 the curriculum aims to broaden the knowledge and skill of students
- at Years 11, 12 and 13 the curriculum allows for study towards a number of qualifications, which include NCEA and Cambridge International Examinations.

We have professionally qualified and committed staff who:

- deliver a high standard of teaching
- are genuinely interested and care for their students
- are enthusiastically involved in the wider life of the school.

Napier Boys' High School

NAPIER

Napier Boys' High School was opened in 1872 and is one of the oldest boys' schools in New Zealand. It has a proud record of academic achievement, sporting prowess, cultural excellence and grounding in traditional values. The school is a New Zealand Super Eight School and prides itself on providing high quality educational experiences for its International Students.

The New Zealand Government Education Review Office reported in 2007:

"Napier Boys' High School students achieved academic results well above the national means in all three levels of the NCEA exams."

We welcome International Students as part of our school community and enjoy seeing them develop their language and social skills while they are at the school. Our Board has set a maximum of 20 International students in any one year. They have also set a maximum of 5 – 7 students from any one country. We aim to give the International students the best possible experience in New Zealand and we believe that limiting the number of students to just 20 allows us to do this. With only between 5 and 7 students of any one nationality the students' English abilities improve very rapidly. They use English in the classroom and then talk with their kiwi friends, in English, at interval and lunch time. The International students are placed in home stays where the only language spoken is English. They are using their English all day every day so their spoken abilities improve very rapidly. Those who gain a place at the school are therefore privileged with a unique educational experience in a genuine atmosphere of learning.

NBHS observes and is bound by the Code of Practice for International Students as published by the Minister of Education: <http://www.minedu.govt.nz>.

As a traditional boys' school we place emphasis on academic success. This is reflected in the importance placed on the classroom environment, homework, examinations and staff development. The school also enjoys a high level of success in music, sport and drama.

We convey traditional values and attitudes through strict discipline, formal assemblies and high expectations. Teachers expect high standards of punctuality and courtesy. Students are expected to dress neatly in the school uniform at all times.

Above all, Napier Boys' High School is a school that is enjoyed by students, staff and the greater school community.

Our aim is for our International students to achieve the best possible academic results, improve their English, make lifelong Kiwi friends and enjoy their time in New Zealand.

ISENZ can give you access to New Zealand's top schools

Nga Tawa Diocesan School

MARTON

Nga Tawa Diocesan School is one of New Zealand's leading girls' secondary schools. It offers a high quality educational environment where academic, cultural and sporting excellence are the norm.

Located in the heart of the Rangitikei district, Nga Tawa is a school with a long, well-established tradition of quality education. Set in 50 acres of beautiful grounds and gardens, the facilities are outstanding.

Academically, Nga Tawa Diocesan School consistently achieves 98%-100% pass rates in all levels of NCEA. The International Baccalaureate is also successfully offered at the school.

Nga Tawa Diocesan School's arts programme is comprehensive and students each year achieve regional and national recognition in Music, Singing, Speech and Drama and Debating.

The school offers world-class equestrian facilities, including all-weather jumping and bark arenas, cross-country courses, 1200 metre canter track and stables for 45 horses. Equine Studies is offered within the curriculum and many students achieve national and regional honours.

Nga Tawa is a full boarding school. Therefore, most international students enjoy living on site. ESOL support is available and our International Club provides opportunities to celebrate ethnic diversity within a caring, Christian environment.

Otago Boys' High School

DUNEDIN

Otago Boys' High School is the third oldest school in New Zealand. Established in 1863, it is one of the most well known schools in our country. Its 19th Century buildings are regarded as some of the finest architecture in New Zealand, and are regularly visited by tourists.

Otago Boys' High School is proud of its excellent and consistent academic record, with an attainment level for University Entrance around the 90% mark each year. Academic excellence is important to the school, but so too is the development of its pupils' sporting and cultural achievement.

Dunedin is a city where the main focus is education and is where the world famous University of Otago is situated. The school is centrally located near the commercial and retail centre and is within easy walking distance of the tertiary institutions, libraries, restaurants and sporting facilities.

Otago Boys' High School encourages pupils to explore the diversity of opportunities presented to them, whether it is in the classroom, on the sports field or within music, art and drama, so each student can enjoy a satisfying and happy life at the school.

There is a wide variety of sports to choose from and they include:

- Golf
- Soccer (football)
- Hockey
- Basketball
- Ice Hockey
- Badminton

The school also has its own lodge in the Mt Aspiring National Park (near Wanaka) where students get an opportunity to take part in many outdoor pursuits during a week long stay. The lodge is in a very beautiful and special part of New Zealand and is surrounded by rivers, mountains and glaciers.

We offer a choice between homestay accommodation or International Students can choose to live in our school boarding hostel. The boarding house is home to 120 boys.

We welcome all International Students to be part of our school community.

Otumoetai College

TAURANGA

Otumoetai College is a co-educational high school located in the beautiful seaside city of Tauranga. The College has spacious grounds and outstanding facilities.

The current roll is 1910 students which include 74 international students from Austria, Brazil, China, Germany, Hong Kong Italy, Japan, Korea, Taiwan and Thailand. Otumoetai College has fully qualified, registered teachers who teach the New Zealand National Curriculum from Years 9-13 level.

Accommodation is provided in private homes close to the school and closely monitored by the Homestay Coordinator. The international programme has six staff who all help to provide a caring environment for our international students.

- Otumoetai College is located in a small coastal city close to Auckland International Airport.
- Otumoetai College has been involved in international education since 1990 and has an excellent reputation for meeting the needs of students.
- The teaching staff are highly qualified and provide a caring supportive environment in which to learn.
- Otumoetai College is committed to the future of international education in the school and has built a specially designed facility to meet the needs of the international students.
- Our homestays provide a welcoming, warm and safe family environment for international students to live in.

Palmerston North Boys' High School

PALMERSTON NORTH

PNBHS is regarded as one of the top boys' schools in New Zealand. It has a very strong academic tradition and is also a top school in the fields of sport and the performing arts. Its popularity is reflected in its roll of 1630 students, making it the largest high school in Palmerston North City.

The school's NCEA qualification success rate generally exceeds 80% and its top students perform outstandingly at national level. Apart from the National Certificate of Education Achievement (NCEA), the school encourages its best students to enter the Cambridge International Examination. In 2007/8 PNBHS was named the top school in New Zealand in the Cambridge examinations with a number of students ranked in the first five places internationally in various subjects. 31 students were also studying University papers last year to extend their academic challenge. In 2006 PNBHS gained 75 scholarships and in 2007, 66 scholarships, making it one of the top 10 schools in New Zealand and one of the top schools per student at Year 12 and 13 level. PNBHS was also the top school per cohort for scholarships with 66 in 2007 (4th overall in total) and 75 in 2006.

Life at Boys' High school is not limited to academic studies. The school's sporting and cultural activities are encouraged and the school has great success in these areas. Rugby (Top 10 rugby school in NZ), Football (Traditionally in top 8), Hockey (2nd in NZ, 2006 and 2007), Cricket (3rd 2006, 4th 2007), Tennis, Basketball and athletics are the traditional sports played at Palmerston North Boys' High School but many others are offered ranging from cycling, rock climbing to chess to name a few.

It is rare that all this is offered by a State school. The tuition fee of \$11,500 per annum is moderate and quite low compared with equivalent Auckland schools. Homestays are arranged by the school. The homestay cost is \$NZD215 per week. The school has a hostel, but recommends that international students are placed in a homestay to experience a NZ family environment

Palmerston North City is a small but attractive city. (Population 80,000). However, it is a city with a very strong education focus. It is the home of Massey University (Business, Vet Science, Agriculture, Science), UCOL (a Polytechnic offering diploma and degree programs) and the International Pacific College (a small private university offering degrees in international business and policy). Palmerston North presents a very safe environment for any student to study in. It is New Zealand's equivalent of a Cambridge or Oxford with over 40% of the population involved in education. The city offers all the shopping and activity options of a larger city.

Ross Intermediate School

PALMERSTON NORTH

“Students at Ross Intermediate School successfully engage in learning through a wide range of academic, sporting and cultural opportunities, and effective teaching. A strong emphasis is placed on the innovative use of information and communication technologies (ICT) and media resources.”

“Effective teaching strategies engage students in classrooms. Teachers successfully use their knowledge of learners to provide programmes suited to students’ needs and interests.”

— EDUCATION REVIEW OFFICE, 2008

Ross Intermediate is located in Palmerston North. We cater for students from 11 – 13 years of age. Ross Intermediate excels in the use of eLearning Technologies to assist students with their learning. The school houses its own Radio Station and TV Studio where students develop communication and information skills vital for the world they are entering.

Students at Ross Intermediate value learning and value the opportunities that are presented to them. Students engage in a wide range of academic, cultural, sporting and social opportunities.

Students receive a strong emphasis on Literacy and Numeracy at Ross Intermediate and this is supported through Inquiry Learning and a strong integrated curriculum.

International Students attending Ross Intermediate receive a range of support including one-to-one and Small Group tuition.

If you are looking for a caring, supportive and stimulating environment with academic success and proven effective teaching (Education Review Office, 2008) then Ross Intermediate is the school for you.

Tawa College

Tawa

Tawa College is a co-educational high school with a roll of 1,400 students. It is very much a college of the local community but is only 15 minutes away from the capital city, Wellington. Due to its size the school offers a broad curriculum in the senior school. It offers programmes in Mathematics, English, Sciences, Music, Drama, Physical Education and the Humanities.

Students at the college have succeeded at a national and international level academically, in sport, and in cultural activities.

85% of the students are involved in co-curricular activity such as sport and music. Service and an inclusive approach to education are hallmarks of Tawa College. As we limit the number of international students to 25, international students mix readily with the New Zealand students and this informal contact has a positive impact on language development. There is also formal support for students in learning the English language at the college. The International Students' Dean works with the students to ensure that they are positive about their experience at Tawa College and if required students live in Homestay accommodation approved and arranged by the school.

Support

Excellent pastoral support. Two deans go through with each form level and that ensures continuity of pastoral support for the student. Also form teachers at junior and at senior level move through with the students. Two guidance counsellors also offer support along with a trained student support team for minor issues.

Facilities

Well-equipped classrooms as well as a recently developed library and recreation centre with two full-sized gyms. A number of well maintained sports fields are also available.

Location

Tawa College is approximately 16 km from Wellington City and the city is readily accessible by train. The Tawa community surrounds the college and has a population of approximately 14,000.

School Achievements

In recent years, three students from the College have been awarded prestigious University of Auckland Scholarships. In 2007, Tawa College students obtained eight scholarships awarded by Victoria University of Wellington. This represents the highest number of scholarships ever awarded in one year by Victoria University to any secondary school in New Zealand. One Tawa student was placed first in a national Mathematics competition.

In Music our choirs are nationally recognised and our Barbershop Choruses and Quartets have regularly been national champions and have performed well in the international arena. A number of our sports teams, notably soccer, hockey, squash, netball, cricket and badminton have achieved regional and national success.

Wanganui Collegiate School

WANGANUI

Wanganui Collegiate School is New Zealand's premier private co-educational boarding and day school. We are over 150 years old and have an outstanding reputation across the whole country.

We are a school of 520 and we currently have 50 international students from all parts of the globe including Japan, Thailand, Korea, Germany, China, Vietnam, and Malaysia. All of our international students are boarders, and they live with the New Zealand students in one of our six Houses. This gives all of the boarding houses a truly multi-national feel and also encourages our overseas students to make friends with the locals. English is spoken in all classes and in the Houses, so our international students pick up language skills very quickly.

We have 2 experienced ESOL teachers who help each new student to integrate into mainstream classes as soon as possible. ESOL class sizes are less than 10.

We are an ETS Certified Test Administration Site, and carry out regular SAT and TOEFL tests for those wishing to enter North American universities.

There are three major focuses to life at Wanganui Collegiate School - academic, sporting and cultural.

We have very high expectations for all of our students and with small class sizes, we monitor progress very closely. In addition to regular classes, all students have two hours of supervised homework each night. Sport is compulsory at our school - all students play a winter and a summer sport. The majority of our 520 students will represent the school in one or more sports. Culture is another area where we expect students to take part. Whether it is music lessons, debating or performing in our 500-seat theatre, we encourage participation.

We offer complete peace of mind to our international parents. Our campus provides the students with three meals per day, all laundry, a stationery shop, our school uniform shop plus we have a café where students can buy snacks to enjoy at leisure. With three adults living in every boarding house, we are very proud to say that all of our students are very well looked after.

Over the past 10 years, over 95% all of our international students have gone onto study at university whether here in NZ, back in the students' home country, in Australia, the UK or the USA.

Wanganui Girls' College

WANGANUI

Wanganui Girls' College promotes 'High Quality Education and Strong School Spirit'.

Wanganui Girls' College has excellent schooling facilities and spacious grounds. The recently refurbished facilities include dormitory areas, two gymnasiums and a technology facility with state of the art equipment. Students can take advantage of a wide range of learning opportunities designed to extend their horizons in a broad range of subjects before senior level specialisation.

A full range of senior options is available for study towards NCEA Levels 1, 2 and 3, supported by individual ESOL tuition.

Wanganui Girls' College's Ad Astra Hostel offers a 'home away from home' environment, assisting in the education and social development of all boarders. Colourful flower gardens and lawns surround the hostel and the comfortable boarding facilities are next to the school. The hostel is within easy walking distance of the city centre with its art galleries, museum, library and numerous sporting facilities.

Ad Astra Hostel provides safe and secure boarding with clear aims, firm guidelines and a warm, caring atmosphere. Hostel supervisors live on the premises and maintain close links with parents to ensure each student is happy and settled. The school has an international support person on staff and an ESOL staff member to assist all international students with their transition into the school.

At Wanganui Girls' College it is firmly believed that girls, educated in a girls only environment, achieve at a higher level and are more successful at tertiary studies.

ISENZ can place students anywhere in New Zealand

Wanganui High School

WANGANUI

Wanganui High School is a large (1600 students) co-educational school offering an extensive range of subjects. We have a proven record of academic excellence. The emphasis in the senior school is on preparing students for a university education.

Wanganui (Population 45,000) is a small but historic river city with a very attractive lifestyle in which to study. The ski slopes are 2 hours away and there are good swimming beaches nearby. The school has an active tramping club and students are encouraged to go tramping in the native New Zealand bush.

Students select seven subjects from over 50 available in the sciences, business, languages or arts subjects (see web site). We teach seven languages including German, Mandarin (Chinese), Japanese, Spanish and French. We can arrange Latin lessons during school time tailored for each individual but at extra cost. We also offer an outdoor education programme, a sports science programme and the music department has its own recording studio.

We have a special Conservation NZ class which is $\frac{2}{3}$ outdoor education and $\frac{1}{3}$ conservation. This class has trips most weeks and the course can be completed in half a year.

International students are encouraged to play sport although participation is optional. The school has nine hectares of grounds including beach volleyball courts, tennis courts, football fields, and three gymnasiums. There is a heated indoor pool across the road from the school.

All international students live in homestays providing total English immersion in a family environment. The school carefully selects and manages all homestays with regular contact to ensure both student and parents are happy.

Wellington East Girls' College

WELLINGTON

Wellington East Girls' College, established in 1925, is a traditional school for girls. We aim to meet the individual needs of each student and cultural differences are celebrated.

Location and Facilities

Overlooking the city, the college is near Victoria University, and Wellington International Airport. It has a wide range of facilities in addition to well-equipped classrooms. These include suites for music, drama, computers and technology, science laboratories, art and photography rooms, a superb library and a large assembly hall. Sports facilities include a large sports field, netball, basketball and tennis courts, swimming pool and two gymnasiums.

Academic Programme

Students are encouraged to value learning, bringing commendable results in external examinations. A wide range of subjects is offered: English, Media Studies, ESOL, Science, Physics, Chemistry, Biology, Maths with Statistics, Maths with Calculus, History, Geography, Art History, Music, Vocal Studies, Maori, French, Latin, Chinese, Classical Studies, Information Technology, Economics, Accounting, Tourism and Hospitality, Photography, Painting, Design, Physical Education, and Life Skills.

Extra Curricular Programme

Most sports can be played. Drama and musical productions, computer clubs, debating, and social services are catered for. There are excellent choirs and orchestra, rock and jazz bands as well as cultural groups.

Special Relations with International Schools & Students

Wellington East Girls' College is a multi-cultural school. Students come from many countries including Hong Kong, Japan, Thailand, Korea, Cambodia, Vietnam, China, Indonesia, India, and parts of Europe either as international students or via an exchange organisation.

Student Welfare

The Director of International Students provides guidance with both school-related and personal aspects of the student's stay, including subject choice, orientation, providing 'buddies' and arranging social evenings for International Students and host families.

Accommodation

Our Homestay Administrator arranges accommodation with a New Zealand family, meets new students at the airport, and assists with any accommodation matters.

Homestay will cost \$NZ200 per week from 2008, all food and laundry included. Homestay families are expected to treat the student as a member of the family, and to involve themselves in all aspects of her welfare.

The college charges each student \$NZ400 per year for administration of accommodation.

English Language Requirements

Copies of the most recent school reports must be sent to us. Students should have at least a beginner's knowledge of English. All students are tested on entry and are placed at a level at which they can best achieve success.

English Language Support

Intensive English tuition by experienced qualified staff is offered at all levels and in-class support is provided in subjects with specialist vocabularies.
