- One winter and one summer sport – fees associated with this
- Course materials which may be additional to normal stationary needs
- \$100 contribution towards a school camp, for example, a Geography or Physical Education camp

The subject of Outdoor Education does attract additional camp and excursion fees which will be billed as and when necessary – *approximate* cost for the full year is \$500.

We invite all international students to attend our geography camps, even if they do not take this as a subject. The camps take place in the Central Plateau mountain area and also in the Rotorua region, exploring the natural man made tourist attractions.

We recommend students have an additional \$30-50 per week available for personal spending (bus fares, snack foods, clothing etc)
